Be aware that this manual shows an example of the ROD shelf system. Your chosen system may vary from the system presented in this manual, however, the procedure of installing the system will be the same. Look at [www.bolia.com](http://www.bolia.com) for assembly instructions for fixed combinations.

Place all the glass shelves in the system and fix all screws before tightening.

**IMPORTANT:** Tighten the screws carefully as over-tightening might break the glass.
